

PROFILE

I am a Junior Frontend Developer with hands-on experience building full-stack applications using Ruby on Rails, Python, JavaScript, and React. Currently developing web tools and designing user-friendly interfaces at Arise Church, with prior experience contributing to Seequent's Evo platform using Python, React, and MongoDB. Passionate about creating technology that combines clean code with intuitive UI/UX design. Seeking a graduate developer role to deliver impactful solutions while growing technical expertise in a collaborative team environment.

PROFESSIONAL EXPERIENCE

ARISE CHURCH - SOFTWARE DEVELOPER

85 PICTON AVENUE, RICCARTON, CHRISTCHURCH, NZ
14 MARCH 2025 TO PRESENT (PART TIME)

- Develop and maintain web applications and internal tools using Ruby on Rails, JavaScript, and Tailwind CSS, serving church staff and congregation members
- Design and implement RESTful API endpoints to support database operations and integrate with internal app ecosystems
- Collaborate with cross-functional teams to gather requirements, plan features, and deliver solutions from concept through deployment
- Debug and troubleshoot production issues to ensure application security, functionality, and reliability
- Rewrite and maintain technical documentation to improve code quality and knowledge transfer across development team
- Participate in agile development practices including regular team meetings, code reviews, and sprint planning
- Working with Kubernetes for container orchestration and deployment
- Implemented and maintained CI/CD pipelines using Git and GitLab
- Managed site changes and deployments via Google Cloud

SEEQUENT - SOFTWARE ENGINEERING INTERN

20 MOORHOUSE AVENUE, ADDINGTON,
CHRISTCHURCH 8011
19 AUGUST 2024 TO 28 OCTOBER 2024

- Collaborated with mentors, developers, and stakeholders to analyse requirements and design a new "Stages" feature for the Evo portal.
- Participated in planning sessions and agile ceremonies to align on priorities, progress, and delivery.
- Translated functional and technical requirements into backend APIs and frontend workflows.
- Contributed to UX and layout improvements based on feedback and usability considerations
- Communicated progress, challenges, and solutions during regular team meetings.

PLATYPUS SHOES NZ - SALES ASSISTANT

NORTHLANDS, PAPANUI
20 AUGUST 2020 TO 14 MARCH 2024

- Delivered personalised customer experiences through active listening and problem-solving.
- Built strong communication skills by engaging with diverse customers and team members.
- Maintained product knowledge to provide accurate advice and recommendations.
